THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Plymouth in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Grade School Auditorium in said Plymouth on Tuesday, the ninth day of March next, at ten of the clock in the forenoon, at which time the Polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose two Delegates to the Constitutional Convention.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
4. To see what sum of money the Town will vote to raise and appropriate for the support of the Free Public Library.
5. To see what sum of money the Town will vote to raise for the maintenance and construction of highways.
6. To see what sum of money the Town will vote to raise for the oiling of streets.
7. To see what sum of money the Town will vote to raise for town maintenance in cooperation with the State.
8. To see what sum of money the Town will vote to raise for Memorial Day.
9. To see what sum of money the Town will vote to raise for Cemeteries.
10. To see if the Town will vote to raise and appropriate the sum of three hundred nine dollars (\$309.00) to the Lakes Region Association,

which is (1/100th. of 1%) one one-hundredth of one percent, of the assessed valuation, for the purpose of publicizing and promoting the natural advantages and resources of the Town together with other Towns in the Lakes Region.

11. To see what sum of money the Town will vote to raise for the Sceva Speare Memorial Hospital of Plymouth, New Hampshire.
12. To see what sum of money the Town will vote to raise for Band Concerts during the summer of 1947 by the Plymouth Community Band.
13. To see what sum of money the Town will vote for the care of the Plymouth Common.
14. To see what sum of money the Town will vote to raise for Sidewalks.
15. To see if the Town will vote to raise the sum of four hundred dollars (\$400.00) for the control of the White Pine Blister Rust.
16. To see what sum of money the Town will vote to raise to establish and maintain suitable coasting and skating places in the Town.
17. To see what sum of money the Town will vote to raise to issue and distribute circulars and other written and printed matter calling attention to the resources and natural advantages of the Town.
18. To see if the Town will vote to raise Town Officers' salaries.
19. To see what action the Town will take regarding payment of the balance due The Pemigewasset National Bank on snow loader note.
20. To see what action the Town will take regarding payment of the Loon Lake Fire note:
21. To see if the Town will vote to raise five hundred dollars (\$500.00) for construction and maintenance of the Plymouth Airport.

22. To see what action the Town will take regarding further improvement of the Plymouth Airport and raising the necessary funds for the purpose.
23. To see if the Town will vote to instruct the Selectmen to lay out and extend Pleasant Street westerly five hundred (500) feet and raise money for the same.
24. To see if the Town will authorize the Selectmen to purchase needed highway equipment and raise money for the same.
25. To choose a Library Trustee for a term of three (3) years.
26. To choose a Trustee of Trust Funds for a term of three (3) years.
27. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
28. To see if the Town will vote to give a discount on the early payment of taxes.
29. To see if the Town will vote to discontinue the road from Augustus Chaisson's residence Northerly to the Rumney line.
30. To see if the Town will vote to discontinue the road leading from Daniel Webster Highway No. 3-A southeasterly through Bowles and Fletcher property and terminating at junction of town road which leads easterly from foot of Hoyt Hill to Plymouth reservoir subject to gates and bars.
31. To see if the Town will vote to discontinue the so-called Ed. Green road leading from former Green property (now occupied by Gilman) to Glove Hollow Road.
32. To see if the Town will vote to discontinue the road known as "Cummings Hill Road" leading

from Howard Smith property so-called (now occupied by Gage) to the Texas Hill Road.

33. To see if the Town will vote to discontinue the Pike Hill Road so-called from Hebron line to Plymouth Reservoir road subject to gates and bars.

34. To transact any other business that may legally come before this meeting.

Given under our hands and seals this twenty-first day of February in the year of our Lord nineteen hundred and forty-eight.

HARL PEASE,

WALLACE C. CUSHING, Jr.,

ARNOLD W. SPENCER,

Selectmen of the Town of Plymouth

A true copy of Warrant—Attest:

FOREST FIRE PROBLEM SERIOUS

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies

and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available man power in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 percent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

W. S. CODMAN,
District Chief

Total circulation for year	11,707
----------------------------	--------

New borrowers added	262
---------------------	-----

Books rebound	62
---------------	----

AUDITOR'S REPORT

Plymouth, New Hampshire

February 14, 1948

We have made a complete audit of all the books and records kept by the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Overseer of the Poor, Road Agent, Trustee of Trust Funds, Treasurer of Library Trustees, and Justice of the Municipal Court.

We verified cash balances and reconciled bank statements for all officials having bank accounts. The individual entries for all expenditures were verified by checking on authorization and comparing cancelled checks for all amounts with vouchers and accompanying invoices and payrolls. Column totals, extensions, page footings were checked for each set of books and proven.

In addition to auditing the books of various officials we prepared or approved statements showing the financial condition of the various departments and the results of operations for the year. We believe that our signed statements correctly show the facts of the audited books.

The securities of the trustee of trust funds were submitted for examination. All funds are invested in U. S. Government Bonds or deposits in the Plymouth Guaranty Savings Bank.

We examined the surety bonds of the town treasurer, tax collector, town clerk, trustee of trust funds, and road agent, and found that these officers were properly bonded.

We burned one \$600.00 Town of Plymouth Bridge Bond No. 14 and 14 Interest Coupons totalling \$168.00.

There were discrepancies in the reports between the Municipal Court and Selectmen and the Tax Collector and Selectmen due to checks being drawn in one year and deposited in another.

ROBERT J. ERNST,

KENNETH R. BARTLETT,

Auditors.

Annual Report

PLYMOUTH FIRE DISTRICT

INDEX

Warrant	4
Report of Plymouth Village Precinct	6
Report of Treasurer Fire Department	7
Report of Treasurer Sewer Department	8
Report of Treasurer Water Department	9
Financial Statement	11
Commissioners' Report	12
Labor Payments	13
Auditors' Report	15

WARRANT

To the inhabitants of Plymouth Village Fire District qualified to vote in district affairs.

You are hereby notified to meet at the Grade School Auditorium on Thursday, the 11th day of March next at 7.30 o'clock in the afternoon to act on the following subjects.

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose three Fire Commissioners for the ensuing year.
4. To choose a Treasurer for the ensuing year.
5. To choose one Water Commissioner for the ensuing three years.
6. To choose Auditors for the ensuing year.
7. To see what sum of money the District will vote to raise for Fire apparatus, supplies, care of fire alarm system, pay of Firemen and other necessary expenses of said District, for the ensuing year.
8. To see what sum of money the District will vote to raise for Sidewalks.
9. To see what sum of money the District will vote to raise for Sewer purposes.
10. To see what sum of money the District will vote to raise for Water purposes for the ensuing year.
11. To see what action the District will take to enlarge our Water Supply.
12. To see what action the District will take regarding the salaries of the District Officers.

13. To see if the District will vote to authorize its Commissioners to borrow such sums of money as may be necessary to pay the debts of the District and to give notes therefore, countersigned by the District Treasurer.
14. To transact any other business that may legally come before said meeting.

Dated at Plymouth, New Hampshire on this 20th day of February, A. D. 1948.

R. W. CASS,

A. B. HARVEY,

O. G. COLE,

Commissioners of Plymouth Village Fire District

COMMISSIONERS' REPORT, 1947

WATER DEPARTMENT

Due to increased costs of materials and labor, plus New Construction on Avery Street and Parker Street, plus 5 breaks, there is a deficit of \$4,018.74, as shown on the balance sheet in the financial statement.

The financial report, we believe, gives a true picture as to the receipts and expenditures of the Water Department.

AUDITOR'S REPORT

Plymouth, New Hampshire

February 14, 1948

We have audited the books of the treasurer of the Plymouth Fire District and Plymouth Village Water Department.

We verified the cash balances and reconciled the bank statements. Individual entries for all expenditures were verified by checking on authorizations and comparing cancelled checks for all accounts with vouchers and accompanying invoices and payrolls. We checked payrolls to see that they were properly signed.

Column totals, extensions, and page footings were checked and proven for each set of books.

In addition to auditing the books of the treasurer, we have audited the reports of the treasurer of Fire and Sewer Departments. We believe that our signed statements correctly show the facts of the audited books.

We examined the surety bond of the treasurer and find that he is properly bonded.

We burned four Plymouth Village Fire District Refunding and Sewer Bonds, Nos. 29, 30, 31 and 32 totaling \$4,000.00. (\$2,500.00 water, \$1,500.00 sewer) We have also burned interest coupons totaling \$650.00

STATE OF NEW HAMPSHIRE

March 10, 1947

Grafton County, ss.

A legal meeting of the Inhabitants of the School District in the Town of Plymouth in said County of Grafton, qualified to vote in District affairs, was held in the Grade School Auditorium in said District on the tenth day of March, 1947 at 8:15 o'clock in the evening.

Moderator Luther J. Pollard called the meeting to order, read the Warrant, and announced that motions would be made from the floor at will and not, as in the past, by persons who had previously been specifically requested to make certain motions. Articles, as listed in the Warrant, were then voted on as follows:

I. Luther J. Pollard was elected, on motion made and carried, by one ballot cast by the Clerk, as Moderator for the ensuing year, and took oath of office before R. G. Wakefield, Justice of the Peace.

II. Merlin F. Connary was elected, on motion made and carried, by one ballot cast by E. M. Smith, as Clerk for the ensuing year, and took oath of office before R. G. Wakefield, Justice of the Peace.

III. Merlin F. Connary was elected, on motion made and carried by one ballot cast by E. M. Smith, as Treasurer for the fiscal year beginning July 1, 1947 and ending June 30, 1948 and at the close of the meeting took oath of office before R. G. Wakefield, Justice of the Peace.

IV. The Member of the School Board for the ensuing three years, following nominations, was elected by ballot. R. G. Wakefield and Harl Pease were nominated Tellers to count legal voters and assist counting ballots, which on count agreed. Upon ballots taken:

Necessary for choice: 117

Total number of votes cast:	233
Cast for Fred C. Tobey, Jr.	81
Cast for Helen P. Keniston	152

and said Helen P. Keniston was declared elected as Member of the School Board for the ensuing three years, and at the close of the meeting took oath of office before R. G. Wakefield, Justice of the Peace.

Elwin M. Smith, of the School Finance Committee, gave the list of members thereof.

V. Voted: That the District shall raise the sum of One hundred twenty five Dollars (\$125.00) to pay the salary of the Truant Officer, and expense of taking the School Census for the ensuing year.

VI. Voted: That the District shall raise the sum of Three hundred fifty Dollars (\$350.00) to pay the salaries of the District Officers, and said salaries were fixed at that amount, for the ensuing year.

VII. Voted: That the District shall raise the sum of fifty nine thousand one hundred forty eight and 89/100 Dollars, from which the sum of two hundred Dollars (\$200.00) shall be paid the Plymouth Athletic Club., Inc., toward support of their Ball Park used by students of this District, with the balance of Fifty eight thousand nine hundred forty eight and 89/100 Dollars (\$58,948.89) for the support of schools for the ensuing year.

VIII. Voted: The School Board shall borrow money to pay the debts of the District and give therefor notes of the District countersigned by the District Treasurer.

IX. Narceep L. Samaha and Kenneth R. Bartlett were elected, on motion made and carried, by one ballot cast by the Clerk, as Auditors for the ensuing year. Narceep L. Samaha, at the close of the meeting, and Kenneth R. Bartlett, at a later date, took oath of office before R. G. Wakefield, Justice of the Peace.

No further business coming before the meeting, it was adjourned by the Moderator at 8:45 o'clock in the evening.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Plymouth qualified to vote in district affairs:

You are hereby notified to meet at the New Grade School Auditorium in said district on the 14th day of July, 1947, at 8:00 o'clock in the evening to act upon the following subjects:

1. To see if the district will vote to reconsider the budget and the action taken under Article (7) in the warrant used at the 1947 school meeting for the school year 1947-48 and make any changes in the amount of money required to be assessed for said school year and take any action relating thereto in accordance with the provisions of an act passed at the 1947 Legislature, under which the state is to share in the costs of public elementary and high schools with local districts.

Given under our hands at said Plymouth this 27th day of June, 1947.

ROBERT J. ERNST,

RICHARD A. MESSER,

HELEN L. KENISTON,

School Board of Plymouth, N. H.

SPECIAL SCHOOL MEETING

A legal special meeting of the Inhabitants of the School District in the Town of Plymouth in said County of Grafton, qualified to vote in District affairs, was held in the Grade School Auditorium in said District on the 14th day of July, 1947, at 8:05 P. M.

In the absence of Moderator Luther J. Pollard, the meeting was called to order and the warrant read by Merlin F. Connary.

On motion made and carried, and by one ballot cast which was voted in the affirmative, William A. Kimball was elected Moderator Pro Tem, and the meeting was opened for discussion and voting.

Following a motion made and carried, and discussion thereon with presentation of a revised budget from the School Board, and letter (copies attached on pages of the Clerk's Records herewith) from Dr. Howard R. Jones, President of Plymouth Teachers College, it was voted:

That in place of the sum raised by Article VII at the last Annual Meeting held on March 10, 1947, the sum of Forty-eight thousand three hundred sixteen and 54/100 Dollars (\$48,316.54) be raised, from which the sum of Two hundred and 00/100 Dollars (\$200.00) shall be paid to the Plymouth Athletic Club, Inc., with authority given the School Board to appropriate the said sum per their revised estimate or otherwise as necessity may require.

Further discussion of the contract with the State of New Hampshire was made. With no other business coming before the Meeting, it was adjourned by the Moderator Pro Tem at 8:45 P. M.

A true record, Attest:

MERLIN F. CONNARY,

Clerk

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Plymouth qualified to vote in district affairs:

You are hereby notified to meet at the New Grade School Auditorium in said district on the 8th day of March, 1948 at 8:15 o'clock in the evening to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.
9. To see if the District will vote to raise the sum of \$7,500 for new equipment and major construction.
10. To see what action the District will take in regard to a contract with Plymouth Teachers College for elementary school instructional services to be furnished by the college after July 1, 1949.

11. To see if the District will vote to authorize the School Board to borrow money to pay the debts of the District and to give therefor notes of the District countersigned by the District Treasurer.

12. To conduct any other business that may legally come before this meeting.

Given under our hands at said Plymouth this 19th day of February, 1948.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Plymouth School Board:

My fifth annual report herewith presented includes the usual statistical information and a discussion of the principal problems faced by us which should also be of interest to the people of Plymouth. This report purposely omits discussions which will be included in the report of the Headmaster of the High School but which have been carefully considered throughout the year.

When the school calendar for the ensuing year is published among other statistics many people fail to find it and are uncertain about dates of opening and closing of school and days when no school sessions are expected. To remove that difficulty the 1948-1949 calendar is presented with explanations at the beginning of this report.

A recent ruling from the office of the Commissioner of Education makes a school year of at least 180 days mandatory. That requirement necessitates a year of 38 weeks without much flexibility if schools are to close near the middle of June. The calendar follows:

Term Begins	Term Ends	No. of Weeks	No. School Days Expected Days	of no School
Sept. 7, 1948	Dec. 23, 1948	16	72	8
Jan. 3, 1949	Feb. 18, 1949	7	35	0
Feb. 28, 1949	April 22, 1949	8	40	0
May 2, 1949	June 17, 1949	7	34	1
		38	181	9

The nine days of expected no school are: Labor Day, Fair Day, State Convention (2), Armistice Day, Thanksgiving with the following Friday, December 24, May 30.

Time lost on account of illness or bad weather should be made up in Saturday sessions immediately following the lost sessions.

The question is frequently asked as to whether the Sargent School, which is now closed for the second year, will at some future time be reopened. The answer is both "Yes" and "No." It is "Yes" if the number of pupils living in the area served by that school increases to the point where they cannot be transported under the present arrangement. Road conditions in that section make it impossible to operate a vehicle of larger size than an ordinary car. The answer is "Yes" if, when the number of pupils warrants re-opening, it is possible to employ a teacher. That could not be done at the present time. The answer is "No" so long as we can transport pupils to the New Grade School. From this discussion it is clear that only conditions and developments in the future can give a definite answer to the question now frequently asked.

At the time this report is written the approximate amount of State Aid that may be expected in December 1948 has not been announced but it seems reasonable to assume that it will be very near the amount which was received in 1947. The primary purpose of increased State Aid is not tax reduction but an expansion and improvement of educational opportunity within the district which received that aid. The use of 1947 State Aid was restricted by action of the legislature but, beyond that one year, school districts may spend State Aid funds at their discretion. If Plymouth chooses to use State Aid money in accordance with the true purpose for which it is granted, steady improvement in our schools can be realized without undue financial burden to the town.

The statement now made may not meet with popular approval but I believe it should be made. For the

past two years amounts of \$500 and \$200 respectively have been added to the school budget to be turned over to the Plymouth Athletic Association. While there can be no disagreement with the purpose for which the money is raised, it does not properly belong in the school budget. Items of increasing expense raise the school budget enough without including something that is an obligation of the town rather than of the school district. Such appropriations should be made in the town meeting rather than in the school district meeting.

At the beginning of the present year forty children were registered in the kindergarten. That number of children, who are having their first school experiences when they are a year too young to enter Grade One, furnish more of a load than one teacher can properly carry in one group. For that reason, both a forenoon and an afternoon session of the kindergarten have been held with half of the children attending each group. The arrangement seems to have been a fortunate one. The kindergarten is a very important unit in our public school organization and should be continued on a basis that will permit the greatest possible return on the investment involved.

The teacher situation is still one to give us a great deal of concern. While it is true that the supply of high school teachers is larger than in previous years, it is also true that the supply of elementary teachers is, and will continue to be, critically low for a long time. It takes four years to train an elementary teacher. The State of New Hampshire usually requires approximately 150 new elementary teachers each year. The combined elementary groups at Keene and at Plymouth, who are available next September, is less than one-sixth of that number. We can expect a continued short supply of elementary teachers until four years from the time when every teacher training institution is booked to capacity at the beginning of the college year.

The law of supply and demand is a controlling factor in the determination of salary schedules. Plymouth has made commendable efforts to recognize fi-

nancial needs of teachers and to make appropriate salary adjustments. Even with the increases which have been made, teachers are still not being paid on a scale commensurate with the preparation, daily demands, and professional requirements that must be met. In our private business we can decide whether or not the buildings will be painted, the machinery repaired, or new construction attempted, but in school affairs we have no choice except to carry on to the best of our ability. The children of Plymouth cannot wait for a more convenient or financially favorable time for their education. While, as I have stated, Plymouth's efforts have been commendable, we must still be prepared to meet conditions which the future alone can disclose.

It has become increasingly evident that Plymouth faces building needs which cannot be much longer passed over. Our elementary school is seriously overcrowded and very few, if any, of the services which are now regarded as essential in every good school organization can be provided because there is no room. The High School situation is somewhat easier but there is reason to believe that some expansion will be necessary there. Consideration is now being given to a division of the big study hall into two sections, one of which can still be used as a study hall and the other converted into additional class room space. If we had more room, our Shop Department should be expanded. For the coming year, our ability to absorb only a limited number of boys in Shop classes will mean that many must be disappointed when they elect that work. Our building needs have been the subject of very careful thought by the School Board and Plymouth Teachers College. While it is not intended in any way to discount the urgency of our need, it is to be hoped that building costs will be more reasonable when a program of expansion can no longer be postponed.

Two laws passed at the last session of the legislature seem to hold a great deal of value for school districts facing problems such as ours. One of those laws permits the setting up of capital reserves in anticipation of future needs and the other sets up a frame-

work for the establishment of cooperative school districts. The possibilities of the cooperative school district are being carefully explored but at this time no definite conclusion has been reached. When one considers the geographical, commercial, and educational ties which closely connect Plymouth and the surrounding towns, from which we now draw three-fifths of our high school membership, it seems that a cooperative school district may offer a great deal of interest and value for us all.

Last spring a new policy was inaugurated as a help to pupils who enter Plymouth High School from other towns in my Union and from neighboring districts. Special days were set aside as visiting days for eighth grade pupils who were invited to spend a whole day in the high school. They visited classes, saw the school in action, learned something of the daily routine, met the teachers, discussed electives with the Headmaster, and had their fall schedules all arranged. We feel that pupils got enough help in adjustment to high school experience to make the plan worth trying again this year. Every effort should be made to help pupils make the transition from grades to high school with the least possible disturbance to them. There may be some connection between the above plan and our record number of one hundred eighty tuition pupils this year.

Our high school program is being constantly studied and improved to accomplish two things; namely, the maximum use of the facilities we now have, and furnishing training which will best enable our boys and girls to meet the demands of adult life. The program now in effect recognizes the desirability of furnishing vocational training whenever possible. Vocational training or the development of marketable skills is our aim in the commercial department. We also hope to have Home Economics and Shop work established on the same basis. At the same time, we are attempting to strengthen and broaden the training offered to the big majority of our pupils who do not aim at specialization. As pointed out in a previous report, we have about reached the limit of our capacity to add new courses of

instruction. Such changes and additions in the future will have to involve eliminations and substitutions as conditions indicate the desirability of so doing. Although teacher time and operating space make it impossible for us to adopt the suggestions here made, I believe we should not lose sight of the values which our high school group could receive in agriculture and in expansion of shop work to include auto mechanics. Ways and means may eventually be found to make these additions in our high school program.

The reports of the Headmaster, Principal of the New Grade School, and School Nurse present a detailed discussion of problems and needs to which your attention is directed. Those reports furnish an over-all picture of the actual operation of your schools as they strive to serve your children.

The people of Plymouth have been interested and cooperative in the support of their schools. Members of the School Board have at all times shown an earnestness and zeal in their official responsibilities that is most commendable. For every kindness and courtesy which has made my work in your schools very pleasant, my deep appreciation is here expressed.

Respectfully submitted,

ARTHUR S. ROLLINS,
Superintendent of Schools

HEADMASTER'S REPORT

To the Superintendent of Schools:

I herewith submit my annual report as Headmaster of Plymouth High School.

Again this year I ask that parents and citizens visit their schools more frequently. Our greatest asset, our most valuable raw material, our country's basic resource, our children demand your interest and attention to the end that they receive the best that you can afford to give them, in the matter of educational opportunity and you cannot afford to give them other than the best.

The Get-Acquainted Day program described in last year's report proved highly successful. With the help of surrounding communities we plan to continue the program again this year.

Two half-year subjects were added this year, Consumer Education Training and Human Behavior. Both of these subjects are functional. Salesmanship was changed this year from a half-unit to a full unit course. These courses should be of additional aid to pupils in preparing for life situations.

Latin I and II were not offered this year as it was not possible to find a teacher qualified in this field who could also teach other subjects required to round out the high school curriculum. Bookkeeping II was also dropped when the result of a survey of graduates indicated utilization did not warrant its continuance.

The addition of a teacher in the commercial department is recommended again this year and for similar reasons. It would allow further improvement of our offerings in this field, make possible readjustment of offerings and new offerings in other fields, and subjects now taught by social science teachers would be taught by commercial teachers.

The coordination and extension of services in the guidance field were furthered this year by having a teacher work three periods a day in this area. This teacher works with other teachers, and information about pupils is gathered in conferences with both pupils and teachers. The more we know about our pupils the more we can help them. We have given general ability tests for all pupils; Kudor interest tests have been given to Freshmen, and reading tests will be given later this year. The teachers also make use of test records forwarded from the elementary school. It is hoped that prognostic tests may be given in the future as an aid to counselling in the matter of subject selection.

The guidance counselor talks with pupils who are having subject or adjustment difficulties, he tries to eliminate or smooth the rough spots for these pupils by suggesting ways and means of self-improvement.

This department is working on the adoption of a suitable permanent record form where test results, grades, work experience, personality characteristics, extra-curricular achievement, etc., may be recorded in order that the school may more adequately give a pupil a profile of his or her strong and weak points. This information will enable a pupil to choose more wisely the field of endeavor most suitable to assure his happiness and success.

The physical education program has been expanded this year to include boys and girls in all four high school grades. Interscholastic competition has been maintained for boys in football, basketball and baseball. It is our policy to try to give every boy the opportunity to be a member of each varsity squad in season as long as his efforts contribute to his and the school's advancement. This policy is a considerable burden on one man, however, we feel that the benefits to the individual pupil warrant this policy.

To increase the opportunity of participation junior varsity squads were maintained in the three above mentioned sports and interscholastic competition ar-

ranged. An expanded intramural girls' basketball program has been developed this year which will culminate in interscholastic competition at the end of the boys' basketball season. It is our purpose to provide the opportunity for every pupil to profit from participation in some form of competitive athletics. An idea of the number served can be gained from the following: football squad 33, baseball squad 38, basketball squad 27, boys' intramural basketball 55, and girls' intramural basketball 70.

Our activity program continues this year on much the same basis as last year. It has been necessary to limit pupils to one activity unless their academic grades warranted allowing them to take more than one activity during any one term. Skiing was dropped as there is no instructor on the staff with ability to give instruction; the same is true in regard to aeronautics. Additions are debating and public speaking, home nursing and auto driving. I would like to take this opportunity to thank the Red Cross for the help given in making it possible to offer the home nursing course and to Mrs. Barton, the instructor.

The auto driving course is confined to theory this year. It is hoped that it will be possible another year to combine the theory with behind-the-wheel instruction. The cost will increase; however, if by reason of the instruction we could reduce by one a serious accident the expense would be worthwhile. Life is not measured in dollars and cents.

The Student Council functions again this year to represent the student body and aid the administration in meeting the needs of the pupils. One Council project this year is the preparation of a school hand-book. Last year the Student Council sponsored a faculty basketball game and a Penny Sale, the proceeds were used to buy a combination public address system, radio and recording machine. Many people who attended our Open House Night program during National Education Week saw this handy piece of equipment in operation.

Our attendance and tardy record is good again this year, particularly when one considers the fact that

three-fifths of our enrollment is composed of out-of-town pupils. The help of parents and pupils in maintaining the above mentioned good record is sincerely appreciated.

Teachers' meetings are held at least twice a month. In keeping with the policy that teaching is a cooperative enterprise, administrative problems are discussed at these meetings. Professional subjects are also given our attention. Among the topics this year were—Maintenance of high standards of instruction, better use of library facilities, and characteristics of the master teacher.

Each teacher takes his or her turn as a sponsor of the weekly assembly program. These programs are usually held the last period on Friday. Pupil participation is emphasized as we try to give as many as possible the experience of appearing and talking before an audience.

One teacher has been designated on the faculty to act as coordinator for visual aids. This teacher keeps a record of the films used and reports are made to him by teachers as to the value of the films used. These records will materially aid in selection of films for future use. The schedule of the use of the projector is in the hands of this teacher; thus eliminating many conflicts and more efficient use of our projector.

The addition of a music teacher to our faculty this year has made it possible to give more attention to this field of endeavor. While it had been possible to maintain a glee club other endeavors in the field of music had lapsed.

The program started some eight weeks after the regular opening of school. The unearthing of talent and its subsequent development has been no mean task. However, I feel that real progress has been made. It is hoped that the music department can sponsor a production this spring to which the public is cordially invited.

We are continually striving to raise academic standards. To do this, more work is required of pupils and

occasionally there are those who are unable to meet the increased standards in the usual four year period. I urge parents to encourage pupils to stay in school even though it takes them longer to accumulate the required sixteen units for their diploma.

Pupils who plan to continue their education beyond high school level are counselled to maintain high averages and if possible get more than the required sixteen units required for high school graduation. Since colleges are over-crowded they are very selective in their choice of incoming students.

A start has been made this year in changing the home economics department to one large room on the first floor. When the arrangement has been completed we will have a modern home economics room that will materially benefit pupils in a most valuable area.

The lighting system in a large number of rooms is in need of modernization. We are a long way from meeting approved standards.

Our Industrial Arts department is over-crowded and it appears that in the future we will have to limit the number allowed to take this highly popular course.

Consideration should be given to the possibility of having a hot lunch program for high school pupils. There are one hundred ninety pupils who either bring their lunch or eat downtown each day.

Teacher turnover is a considerable problem in education, particularly so during the last few years, when teacher shortages have plagued every community. The average turnover in the high school for the last two years has been forty per cent. Employee change is expensive as any employer knows. It is especially expensive to a school system in terms of efficiency, pupil understanding, and general morale. A small percentage of turnover is healthy, a high percentage is costly. The knowledge of pupils in a system gained by a teacher in two or three years cannot be passed on to a new teacher, and knowledge gained by experience is not the forte of the beginning teacher.

I wish to express my appreciation to the School Board, Superintendent Rollins, Citizens, Teachers, and pupils for their help and cooperation during the past year.

Respectfully submitted,

ELLIOTT W. KEACH,

Headmaster.

PLYMOUTH ELEMENTARY SCHOOL REPORT

To the School Board, Superintendent of Schools, Parents and citizens of Plymouth:

This is the second annual report on the Plymouth Elementary School. The report is divided as follows: A. New Teachers, B. Housing and Enrollment, C. Recommendations, D. Accomplishments.

A. New Teachers

Two new teachers were added to the staff in September. Mrs. Corwin Burghardt replaced Miss J. Corinne Barden in Grade I, and Mr. Clarence D. Hart replaced Mr. J. Kenneth Linaberry in Grade 5.

B. Housing and Enrollment

Approximately 328 pupils were enrolled in the school during the opening week. This number has increased to 333, divided as follows:

Kindergarten	37
Grade One	38
Grade Two	36
Grade Three	30
Grade Three-Four	22
Grade Four	30
Grade Five	37
Grade Six	32
Grade Seven	41
Grade Eight	30
Total	333

The kindergarten was divided into morning and afternoon groups because of the large enrollment.

It should be noted that the enrollment in nearly all the grades is large in comparison to the accepted class ratio of 25 pupils to one teacher.

Effective, worth-while teaching calls for a great deal of individual attention on the part of the teacher

to each member of his class. Individual attention is practically impossible with classes of 35 and 40 pupils.

The problem of overcrowded classrooms is expected to continue since the elementary schools, not only in Plymouth but elsewhere, are feeling the effects of the large war-time birth rate.

It is estimated that the probable enrollment for the various grades in 1948-1949 will be:

Kindergarten	40
Grade One	50
Grade Two	40
Grade Three	32
Grade Four	50
Grade Five	30
Grade Six	37
Grade Seven	32
Grade Eight	41

Total for all grades	352
----------------------	-----

This represents an estimated increase of about twenty pupils. However, it should be noted that the greatest enrollments are expected in such important grades as 1, 2, and 4. Two sections of each of these grades will be both practical and expedient.

The problem of overcrowded classes might be temporarily alleviated by one or more of the following suggestions:

1. Exclude tuition pupils from the school.
2. Move the kindergarten from its present location to the room formerly occupied by the kindergarten in the frame building next to the college heating plant.
3. Use the so-called music room as a classroom.
4. Move the 7th and 8th grades into the high school.

These suggestions must be viewed in light of the following:

1. There are about 18 tuition pupils scattered through the various grades.

2. An additional classroom would be provided by moving the kindergarten from its present location to the frame building adjacent to the heating plant. However, this building is in need of repair. The cost of repairing the building and the decision as to whether the Town of Plymouth or the Teachers College should bear this expense is a matter for discussion.
3. Converting the music room into a classroom would deprive the school of the use of a room to serve as a remedial classroom, music classroom, library-reading room, and a room to show moving pictures—to name only a few of the uses to which this room is put during the day.
4. The placing of the 7th and 8th grades in the high school might be done by partitioning the so-called study hall in the high school—thus making available an extra room or two.

If additional rooms are made available grades 1, 2 and 4 would be divided into two sections for each grade. If there is to be a division of these grades, at least two additional teachers would be required.

Under the terms of the contract between the Town of Plymouth and the State Board of Education, a minimum of eight teachers must be supplied by the Teachers College. There are now nine on the faculty and two additional teachers are needed. The question of whether the Town of Plymouth should not pay at least a portion of the salaries of these three extra teachers should be considered.

At the present time the Elementary School is receiving the following extra services over and above the requirements of the contract:

1. Manual Training and Domestic Arts for boys and girls of the 7th and 8th grades.
2. Band and Music Supervision.
3. Remedial Reading Clinic.

It should be noted that these extra services are being provided by members of the college faculty in addition to their already heavy teaching loads.

In addition, there is a principal who devotes a major share of his time to the administration and supervision of the school.

The operation of a well staffed, modern elementary school is expensive. Teachers' salaries, textbooks, and supplies have risen considerably in the past few years. For 1945-1946, the cost to Plymouth Teachers College for operating the Elementary School was \$17,478. The estimated cost for 1947-48 is \$32,800. Estimated costs for 1948-49 are \$36,000. Thus the costs of the elementary school have doubled in the last few years.

By contract, the Town of Plymouth pays \$10,000 a year to the Plymouth Teachers College toward the support of the elementary school. The following information, taken from the Annual Report of the Superintendent of Schools for the year ending December 31, 1946, is of great significance in considering the problem of finances: "The financial picture should be of interest to the people of Plymouth. In return for an annual payment of \$10,000, Plymouth is receiving services from the Teachers College which represent total payments of \$24,142 for the current year. It can thus be appreciated that the current cost saving to Plymouth is \$14,142.

As previously stated, we probably could not demand the same amount of preparation and could not offer as high salaries as are possible for the Teachers College to pay, but a conservative estimate is that local costs would immediately advance roughly \$12,000 without the contract. We should not overlook the fact, either, that great difficulty would be experienced in employing teachers for the large grades now enrolled if we were to offer lower salaries without benefit of whatever prestige may accrue from acting as critic teacher. The contract is decidedly favorable to Plymouth."

In 1947, the Town of Plymouth received approximately \$15,000 in State Aid. Approximately \$10,000 of this state aid was given Plymouth because of its elementary school enrollment. At the time this report is written, it is anticipated that an article will appear in the warrant making it possible for the School District of Plymouth to apply a portion of the state aid toward elementary school services which the teachers college is supplying and which are in addition to those services required by contract.

C. Recommendations

1. The 7th and 8th grade Manual Training and Domestic Arts programs be operated by the high school.
2. Grades 5, 6, 7, and 8 be included in the Physical Education program as now operated by the high school.
3. A hot lunch program for elementary school pupils who now bring their lunches be set up, using high school facilities.
4. The School Board immediately authorize the construction of extra shelves in the Library to provide for the 500 volumes added last fall.
5. The School Board immediately authorize the construction of sufficient bulletin board space in the classrooms and corridors to provide for adequate displays of the children's work.
6. The citizens of Plymouth should make every effort to become acquainted with the administration, teachers, and program of the elementary school in order that they might better realize the educational advantages that the children of Plymouth are receiving because of the present arrangement between the Town of Plymouth and the Teachers College.
7. The part played by the teacher training program of the Teachers College in the elementary school should be considered in any long-range

building or educational plans of the Plymouth School Board. It is believed that the Teachers College Administration should be represented on the planning board when such a board is created.

D. Accomplishments

It is believed that major accomplishments of this last year include:

1. Organization of a more extensive music program in all grades.
2. Greater use of audio-visual aids in the teaching program.
3. Extension of the services of the reading clinic.
4. More pupil participation in creative dramatics under the general direction of Mrs. Durkee.
5. Strengthening of school and community relations.

Respectfully submitted,

WILLIAM E. BRAGNER,

REPORT OF SCHOOL NURSE

To the Plymouth School Board:

I herewith submit the report of school nursing from September, 1946 to July, 1947.

Number of children examined	603
Dental defects	119
Tonsils	51
Vision	34
Glands	9
Underweight	20
Hearing	12
Orthopedic	8
Heart	4
Chest X-rays advised	12
Flat feet	26
Speech	6

These corrections were reported made:

Dental	302
Tonsil operations	26
Vision	76

These communicable diseases were reported:

Chicken pox	18
Measles	9
Mumps	1
Scarlet fever	1
Whooping cough	4
Pediculosis	22
Skin	7

Seventeen dental clinics were held at which 28 children were treated in fifty dental visits. These clinics were financed in part by the Red Cross.

Three tonsil operations were paid for by the Red Cross.

Eight children had examinations and glasses through the Sight Conservation Program.

Twenty-six children had chest examinations and X-rays at the Chest Clinic held by the New Hampshire Tuberculosis Ass'n.

472 children took the audiometer test of whom 12 showed a definite hearing loss. Two of these children were taken to an ear specialist.

Hot lunches, very ably prepared outside and served at the grade school were greatly appreciated by the children and parents. This noon lunch program was sponsored by the American Legion and Legion Auxiliary with other organizations contributing.

Miss Helen Hinman, State Nutrition Consultant, talked at the school on nutrition and a Red Cross Nutrition Class was given at the High School.

The Red Cross furnished needed clothes for several families.

I enjoyed attending several nurses' meetings through the year and also the New England Public Health Institute held at Durham for 3 days in June, 1947.

In September, 1947 Dr. McIver gave the physical examinations at the High School, with these findings:

Number children examined	253
Dental defects	21
Tonsils, enlarged or diseased	5
Defective breathing	4
Advised X-ray of chest	5
Orthopedic	4
Skin	2
Nutrition	2
Boils	2
Stys	2
Flat feet	8
Athletes Foot	2

The Grade School inspection was again made in the Fall of 1947.

Number of children inspected	335
------------------------------	-----

Symptoms of defects found:

Vision	12
Dental	59
Tonsils	35
Enlarged glands	8
Nutrition	13

The dental clinics are again available for the under privileged children. The teachers have a daily program of morning inspection, hygiene classes and health talks.

Through the recent epidemic of whooping cough there has been very fine cooperation between the parents, teachers and nurse.

The public health facilities and social agencies of New Hampshire are constantly being used for the betterment of the health, and through health, the education of the school children.

The local organizations of Plymouth are always helpful when approached for aid.

I take this opportunity to thank parents, teachers, School Board Superintendent and organizations for their interest and help.

Respectfully submitted,

ANNA M. LOVETT, R.N.,

School Nurse

MERLIN F. CONNARY,

Treasurer—Plymouth Town School District

Plymouth, New Hampshire, July 11, 1947

I have today examined the foregoing account and books of Merlin F. Connary, Treasurer of the Plymouth Town School District, and have found the same correctly cast and properly vouched. On January 29, 1947, I burned Interest Coupons from School District Bonds amounting to \$360.00. At this time I have burned Interest Coupons from said Bonds amounting to \$281.25 and Bonds numbers 29, 30 and 31 amounting to \$3,000.00 that had matured June 1, 1947.

KENNETH R. BARTLETT,
Auditor.
